INTRODUCING BI NORWEGIAN BUSINESS SCHOOL

Studying in Norway is the experience of a lifetime. Why? Because we have high mountains, deep fjords, the northern lights and midnight sun, mysterious forest and long coastlines. More? Lets talk about Norwegian society: safe, high standard of living, a thriving economy and a commitment to sustainability make us among the happiest people in the world. Want proof? Check out the UN's World Happiness report.

Choosing a business school in Norway is easy. From bachelor to PhD, at BI we have a programme that will help you achieve your career goals. You will study in an international environment, at a business school with close ties to the business community who value the skills and competencies of our graduates. Our commitment to investing in research and recruiting top faculty from around the world sets us apart.

But, your success means everything to us. So we have invested in building a dedicated careers services team to guide you in your job search. We have built modern state-of-the-art campuses with the comfort and convenience of everything you need: the gym, the library, the pub and technology rich classrooms all under one roof. All of this, and an expansive network of alumni to inspire you.

BI ALUMNI PROFILE - QTEM

Astri Skjesol
Master of Science in Business - major Finance
Graduated 2018

I chose the QTEM programme because it offered an opportunity to go abroad. Also the focus on quantitative subjects at respected schools made the programme desirable.

The QTEM master network has corporate partners that I considered as attractive potential future employers.

The one feature that interested me the most about the QTEM program was the prospect of two semesters abroad at different schools. This opportunity allowed me to experience new cultures and meet new interesting people.
