HEC Montréal, the affiliated Business School of the Université de Montréal, is a French university offering internationally renowned management education and research in French, English and Spanish.

In HEC Montréal’s modern, dynamic and wired environment, every single detail, even the architecture, has been carefully considered to make learning and growing as individuals easier for students. Committed to sustainable development on all fronts, HEC Montréal and its faculty are eager to pass on sound values to tomorrow’s managers.

At HEC Montréal, students benefit from a quality education known for its pragmatic approach and relevance in today’s world. Our professors love to teach, but above all, they love seeing students succeed. That’s why they promote dynamic learning based on practice and exchanges: blogs, wikis and Internet-based micro-sites are a few of the many learning tools used, which also include simulations, debates, role-playing, hands-on work, case studies and oral presentations.

Coming to HEC Montréal is an opportunity to take advantage of a stimulating learning environment and to experience Montreal, one of North America’s most creative and welcoming cities.

Montreal is the 6th world’s best student city for international students, according to a study by the Quacquarelli Symonds (QS) Institute (2019).

About HEC Montréal
EDUCATION SYSTEM

QUEBEC EDUCATION SYSTEM

In Canada, there is no integrated national system of education. Post-secondary education is the responsibility of provincial and territorial governments.

In the province of Quebec, post-secondary studies are done part in college and in university. Students from outside Quebec will complete the BBA program in 4 years (1-year preparatory plus 3-year BBA program).

ACADEMIC INFORMATION

STUDYING IN THE MSC PROGRAM

MSc courses are offered in different and sometimes mixed formats: lectures, case studies, class discussions, simulations, seminar, etc.
Quantitative disciplines use mainly examinations as evaluations, while qualitative disciplines put more emphasis on individual and team work.

WORKLOAD REQUIREMENTS

Each course has a weight of 3 credits (7.5 ECTS). Students are required to take a minimum of 9 credits to be considered full-time students.
A 3-credit course consists of 45 contact hours and an additional minimum of 135 hours of personal work for a total of 180 hours minimum.

To comply with HEC Montréal regulations, the workload for exchange students is:

- Minimum: 9 credits (3 business courses, may include 1 language course)
- Maximum: 12 credits (4 business courses, may include 1 language course)

Language course: no more than 1 course is allowed per semester

LANGUAGE REQUIREMENTS

Languages of instruction at HEC Montréal are French, English and Spanish.

For business courses given in French:

- Most of the material and the discussion in class are in French
- Students are expected to contribute to the discussion in French
- Textbooks in English are sometimes used
- Exams can be written in English upon teacher’s approval

Students are not required to demonstrate any language proficiency.
As indication only, refer to the recommended scores in the chart beside.

EXAMS AND TRANSCRIPTS

No retakes for mid semester or final exams.
Transcripts are sent to the home institution approximately 6 weeks after the semester.

EVALUATION AND GRADING SYSTEM

Each course has its own means of evaluation.
The best grades will receive a grade of A+ or A, and the lowest grades will get a passing grade C (D for BBA courses) or an E, for failures.

To calculate the GPA, letter grades are converted back to numerical values on a scale of

LEARNING EXPEDITION ON ARTIFICIAL INTELLIGENCE AND DATA SCIENCE

WHAT IS LEAD

Once limited to the realm of science fiction, AI and Data science are now shaping our world more than ever before. Montreal is at the center of this movement, with major players such as Facebook, Microsoft and Samsung choosing to establish their AI labs in this city. LEAD is a customized two weeks’ training program exploring these two very actual subjects. Carried out on HEC Montréal’s Campus, it is offered entirely in English to BBA, MSc, MBA and PhD students.

HEC Montréal is involved in research and develop fruitful collaboration with company and start-ups in AI.

LEARNING EXPEDITION PROGRAM

WHAT IS A LEARNING EXPEDITION

HEC Montréal can offer your students a customized short-term training programs that address the various themes of management in general, as well as the more specialized themes such as entrepreneurship, innovation and leadership sectors.

Each program consists of a series of professional development seminars in management intended for managers, executives or professionals. Two program formats are offered: open-enrolment and customized.

The program combines company visits, academic courses and conferences, simulation games and networking with our students. It is offered to undergraduate or graduate students. The costs related to the Learning Expedition vary according to the length of stay and the degree of personalization.
