Visa Requirements/ Residence Permit Application

Entry Regulations

Applicants from EU/EFTA nations as well as some other nations do not need a visa to study in Germany. Applicants from non-EU nations normally need a visa to study in Germany. In order to find out if they need a visa and how to apply, they must contact the embassy or consulate of the Federal Republic of Germany in their home country. Application processing times can vary greatly depending on volume of applications and the applicant's home country. It is recommended to submit the complete application at least two months prior to the student's departure.

Please note: Students cannot travel to Germany on a tourist visa, since this cannot be changed into a student visa. Students that are in Germany on a tourist visa are not entitled to study there.
