University of Warwick

The University of Warwick is a modern, world-class campus-based university located at the heart of the United Kingdom, on the outskirts of Coventry – the UK’s City of Culture for 2021. The University’s location means that you will be well connected to the major towns and cities of the UK and will be able to enjoy the countryside of Warwickshire. There is a lot of information on the University’s main web site which will tell you about the University, our campus and our thriving multicultural community:

If you need help securing somewhere to stay during your studies Warwick Accommodation is on hand to help you. They offer a range of off-campus options. We would recommend staying south of the campus, in the towns of Kenilworth or Leamington Spa. Both have great bus links to campus and plenty of lovely places for eating and drinking:

**Term Dates 2020/2021**

Teaching will take place during the term dates below:

**Spring Term:** Monday 11 January 2021 – Saturday 20 March 2021

**Summer Term:** Monday 26 April 2021 – Saturday 3 July 2021

For the Spring Term, modules are taught across the duration of the term, so you will be studying your modules simultaneously. We expect all students to arrive no later than Monday 11 January to be inducted and begin their studies, and students will be required to be on campus until at least Saturday 20 March to complete their teaching. It is then up to the student if they wish to stay in the UK until their exams in late April/early May, or to return home and come back.

For the Summer Term, the modules are block taught, which means each module is taught either across one or two weeks. This means you may have weeks during the term that you are not undertaking any face to face study. The total face to face study for the Summer Term will be four weeks. However, we will be running an induction for students in the week beginning Monday 26 April, and all students will need to be on campus until the end of the term for the Business in Practice module, so we would recommend that students are resident in the UK for the duration of the Summer Term. The Summer Term modules do not have exams.

Students will have the same overall workload (including face-to-face hours) in both terms; the teaching is simply spread differently.
Assessments

WBS modules are assessed by group work, tests, examinations* and individual essays, or a combination of these methods.

*Spring term only
